ANALYSIS: (Attach a separate page if necessary)

The sections of the legislation relating to periodic polygraph testing of all sex offenders releasing on probation or parole supervision will have a fiscal impact on the Division of Probation & Parole. In FY08 and FY09, the department will require two additional probation/parole officers each year to handle the increasing workload associated with managing sex offender specific caseloads. With the addition of the polygraph examination being used as a tool with more and more sex offenders in community sex offender treatment and on supervision, a corresponding increase in workload for the supervising officers will result. In the interest of public safety and because of the extreme danger sex offenders pose to the community, especially to children and vulnerable adults, and due to the increase in workload per sex offender, it is the intent of the department to cap sex offender caseloads at 50 sex offenders per supervising officer.
